Re: Rubber TPR with Dry Adhesive

Base King, LLC is taking environmental responsibility to a new level with its line of cove base. Base King's Rubber Cove Base with its patented dry adhesive features the following industry innovations:

- Up to an amazing 85% post production recycled content.
- Cove base cap and substrate compounds are DOP-free.
 - DOP, is also known as DI-OCTYL-PHTHALATE and also as Di(2-ethylhexyl) phthalate(DEHP). DEHP is on the STATE OF CALIFORNIA list of chemicals "known to cause cancer or reproductive toxicity."
- Patented adhesive system has no VOC's allowing installation in even the most sensitive environments.

Please join Base King in promoting and specifying this new and exciting "green" product, providing solutions both for your clients and the environment.
